

IMPORTANT U.S. IMPORT
Canadian nickel sales to the United States in 1959 amounted to about \$150,000,000—the fourth most important commodity imported into the U.S. from Canada.

DUCTILE IRON
Ductile iron can be cast into intricate shapes as easily as ordinary cast iron, yet it has strength and wear-resistance properties similar to tough steel.

NICKEL STRENGTHENS
Nickel used as an alloying element increases the strength of steel without the loss of ductility which occurs when carbon is used as a strengthening agent.

Torrance Youths Cop Championship At Winter Tourney

Denny Drury, Pat O'Rourke and Larry Berry copped championships in their age divisions in the winter tournament of the Sea-Aire Teenage Golf Club.

Runners-up in the annual links tilt were Mike Miller, Lloyd Lessor, Pete Macca-roone, Dennis Meyer, Barry Schumacher and Garry Berry.

Two members of the club, Drury and Billy Gunn, placed high against stiff competition at the recent Los Angeles Junior Open Golf Tournament.

The club, organized three years ago under auspices of the Torrance Recreation Department, now has nearly 200 members who play regularly at the department's Sea-Aire Golf Course, 22730 Lupine Dr.

Membership in the club, headed by Steve Pipkin, is open to all local youngsters.
